

## WORKMAN HUNG TO A TROLLEY WIRE

Terror - Stricken Shoppers  
Stood Spellbound.

EXPECTED HIS INSTANT DEATH  
AND THEN THE TROUBLE WAGON  
BACKED UP.

Emil Litchey Caused Much Excitement When He Saved Himself From Falling by Grasping a Live Wire, Which Did Him No Injury.

A large number of shoppers and the usual crowd of a business day stood for several seconds and started almost terror-stricken at a man hanging from a trolley wire at Broadway and Olive street, about 9 o'clock this morning.

They expected every instant to see the smoke rise from his burned flesh and women nearly fainted with the suspense of the brief interval which he remained suspended. Then a transit company trouble wagon backed beneath him and the man stepped to the platform, smiling.

It was Emil Litchey, an electrical foreman of the company, and he had seized the wire to save himself a severe fall. With his corps of assistants he was repairing the wires which furnish the motive power for the Broadway and Olive street lines. The trouble wagon, with its high perch for the workmen, stood in the center of the quadruple tracks.

Car Pushed the Wagon Away. A car came speeding east on Olive street, between Sixth street and Broadway, and when the motorman tried to check its advance the wheels slid along the slippery tracks and the brake was powerless to stop it. It rushed on toward the workmen's vehicle.

Litchey and another man were on top of the high platform, the foreman tinkering at the wires with his bare hands, when he glanced down and saw his danger. He had no time to stoop and secure a firm hold on the railing of the platform, for the car crashed into the rear of the wagon.

He threw up his bare hands, and grasping the wire hung to it as the wagon was pushed from beneath his feet, and there he hung. Hundreds of persons had stopped to watch the operations of the men, and when they saw the fingers of the man clasping what they believed certain death, a shudder shook their bodies and a gasp issued from their lips.

The Circuit Wasn't Complete. The car was almost immediately stopped, the power reversed and the wagon backed until Litchey's toes touched the platform. Then he released his hold and resumed the duty of repairing the wires. The only discomfort he experienced was a cramp in the palms of his hands, where the wire had pressed the flesh.

"Why, a man could hang there for a thousand years and not be hurt," he said afterward. "As long as my feet did not come in contact with the ground I was all right, and I preferred to hang to the wire to being thrown off, possibly on my head, and receive a nasty fall. The circuit is incomplete, you see, and there was absolutely no danger. It may have startled people who know nothing about our business, but it was nothing to me."

SHOWERS FOR ELECTION DAY  
Considerable Downpour Expected for Tonight, to Be Followed by Colder Weather.

Election day showers commenced to fall shortly before 2 o'clock this afternoon. It was a gentle shower, one of the sort which is supposed to make the rain bite. Dr. Hyatt had hoped that the rain would not commence to fall before night, but the elements were unwilling to await the closing of the polls.

Showers for tonight and Wednesday, and a drop in temperature of 10 degrees are predicted. This does not mean that it will snow on the next day after election, but the defeated candidates will be doubly reminded that it is a cold day.

Kansas City and Springfield are getting rain today, and at Olveston, Tex., there was a rain which made the public cry "enough!" The barometer is high over the Rockies, North Atlantic and North Pacific. The "lows" are in a decided minority.

7,500,000 ACRES IN A RANCH  
Americans Will Operate the Greatest Single Cattle Pasture in the World in Mexico.

Special to the Post-Dispatch. AUSTIN, Tex., Nov. 4.—W. C. Green of New York city and three other Americans have purchased a solid tract of land situated in the state of Sonora, in northern Mexico, embracing 7,500,000 acres.

This land is now being enclosed with a four-strand wire fence, and is to be made the largest cattle ranch in the world. This tract of land is 125 miles long and 100 miles wide. It is situated in a fertile country and is well watered. It is estimated that this vast ranch property will afford pasture for about 1,000,000 head of cattle in its present raw condition.

The usual western ranch will furnish range for about 100 head of cattle to a section. This number is to be greatly increased by the introduction of the new range system. It is proposed to establish a series of small ranches, each of which will be given much attention to the raising of the best quality of stock. Mr. Green is president of the Green & Co. stock raising company, and is well known as a cattle raiser.

## GET THE ELECTION RETURNS FROM THE POST-DISPATCH BULLETINS

Election bulletins will be displayed by the Post-Dispatch stereopticon Tuesday night, in letters large enough to be seen for a block.

The earliest returns from the city, state and congressional elections in St. Louis and in all parts of the United States will be received by the Post-Dispatch, and will be the first and most legibly displayed in St. Louis.

## FIRST GIRL BABY IN 140 YEARS

Becker Children for That Time Have Been Boys.

REMARKABLE RECORD BROKEN  
ARTHUR W. BECKER IS FATHER OF THE GIRL.

The Becker "Boys" Are Well Known Business Men in St. Louis and the Advent of the New Member of the Family Cause Surprise.

For the first time in 140 years a girl has been born into the large family of which John P. Becker of 1229 Hickory street is the head of the St. Louis branch. The girl was born last Wednesday to Mr. and Mrs. Arthur W. Becker of 302 Geyer avenue. Arthur W. Becker is John P. Becker's oldest son. Mrs. Arthur W. Becker is a daughter of Mr. and Mrs. Herman Steinwender of Compton Heights.

The arrival of the little girl has occasioned unqualified rejoicing throughout the branches of the Becker family. A general celebration by the family is planned in the near future.

Members of the family say that a boy's name had already been selected in advance of the baby's arrival. The parents, grandparents and other relatives have not yet sufficiently recovered from their surprise to decide what name the wee girl shall be christened.

Arthur W. Becker, the father, is justly proud of having shattered family traditions in such radical fashion, and the grandfather is so radiantly happy over the development of the family that he is discussing the interesting family development.

Some of the Well-Known Boys. Arthur W. Becker, who is president of a manufacturing company, is 33 years old. He is the father of one other child, a boy, Arthur W., Jr., now aged 7 years. His three younger brothers, all married, are Charles, Philip and William D. Becker. Charles Becker's wife is Mrs. Josephine Ludwig, the operatic prima donna. He is now residing in Paris, where he was recently made secretary of the American Chamber of Commerce. The other two brothers reside in St. Louis. Philip Becker has one child, a boy.

Their father, John P. Becker, is the father of five children. On died in infancy, but this child was a boy also. John P. Becker is one of four brothers. None of his brothers became the father of a girl. He is now 58 years old.

His father, Jacob Becker, great grandfather of the new resident of Geyer avenue, was one of four brothers, and none of them ever had a girl in his family. Jacob Becker died in 1874, aged 75 years.

John P. Becker states that his grandfather, Peter Becker, who died in 1847, aged 85 years, also had a family of sons. "Peter Becker was born in 1782," said John P. Becker Tuesday morning, "and that would make 140 years during which no girl has been born in my family. That's a remarkable record, but it's true."

"Some of my relatives seem to think that Peter Becker had a sister, but I never heard of her. He was an aunt, and even if he had an aunt, she would have been close to the age of my grandfather, Peter Becker, and so it would still be about 140 years since a girl was born in the family."

"But, if my impression that my grandfather had no sister is correct, there's no telling how far back the lack of girls in the family extends."

Will Look Up the European Record. It might go to two centuries and maybe more. When I go to Europe next spring, I am going to have the family birth records copied, or a family tree made—a "stammbaum" we call it in German.

"My father, grandfather and their ancestors all lived in the town of Gross Gerau in the grand duchy of Hesse Darmstadt. It is near the city of Darmstadt. We can get the records for 400 years from the church there. I spoke to the church authorities when I was there several years ago, and they said the records for the last 400 years were preserved."

"I remember in my youth that my father told me of the peculiar scarcity of girls in our family. Since then the fact has been impressed upon me. In fact, we had almost come to think that no more girls would be born in our family. Two of my sons married and their children were boys. We discussed the names of the boys, and never gave a thought to girls. The arrival of the young lady last week was a very delightful surprise."

Mr. Becker says she is a big, fine baby, and from his manner it is evident that she has already won a large place in his affection. Mr. Becker is a wealthy retired business man. He was formerly at the head of the firm of Becker & Aal.

GANGRENE BLACKENS PATIENT.  
NEW YORK, Nov. 4.—Mystery no longer surrounds the strange disease which has turned black the lower limbs and part of the body of Patrick McGrath, a patient in Bellevue hospital. He is suffering from gangrene, the doctors have decided, caused by a clot in one of the large arteries of the body, where the hip, probably the aorta, blocking can save his life, the physicians say, some doctors fear the reversal of the clot.

## DRUG ENDS LIFE OF SAMUEL F. MOORE

How it Was Administered Is a Mystery.

CASE LOOKS LIKE MURDER  
MOORE'S BROTHER DISCOVERS HE HAD BEEN ROBBED.

Death Occurred in East St. Louis Monday, but Physician Thinks That Moore Was Drugged and Robbed in St. Louis Sunday.

Samuel F. Moore, a bookkeeper, died from morphine poisoning last night at the boarding house of Mrs. J. M. Mulberry, 909 North Eighth street, East St. Louis. Nothing was found to indicate that the poison had been taken in the room, and Moore's gold watch and chain and money were missing.

Dr. R. F. Stanton of North Ninth street and Baugh avenue, who attended the poisoned man, says that he believes Moore was drugged and robbed during a visit to St. Louis Sunday night, and recovered sufficiently to return to his boarding place Monday, but afterward succumbed to the effects of the morphine.

Moore's wife and daughter live in Plains, S. C. He had frequently spoken of his intention to bring them to East St. Louis. He had lived in East St. Louis one month. Sunday afternoon Moore went to St. Louis and did not return until 6 o'clock Monday morning. He then complained of feeling badly and went to his room, where he remained, his condition growing worse during the day. At 6 o'clock last evening Dr. Stanton was called. After diagnosing the case he called Dr. C. H. House and both labored over the unconscious man, but were unable to save his life.

Moore's brother, L. W. Moore, a bookkeeper at the National Stockyards, discovered that the watch, chain and money were missing. Coroner McCracken was notified, and will endeavor to find where the fatal dose of morphine was administered to the man.

ILLEGAL REGISTRATION FOUND  
Dr. D. S. Werth Reports to the Election Commissioners Two Names Registered From His Office.

Dr. D. S. Werth, whose office is at 404 Easton avenue, discovered this morning that the names of three voters are illegal by registered from his office.

When he went to the polling place on the Sixth precinct, Twenty-sixth street, he found registered from 404 Easton avenue the names of Dr. C. H. Sommer, a dentist who lives there, and also the names of two other men named Sommer and one named Scott.

Dr. Sommer is the only voter living at that number. Dr. Werth called up the board of election commissioners by telephone and gave notice of his discovery.

NOTED JESUIT NEAR DEATH  
Father Villiger, Ordained in St. Louis, Has Been in the Society Sixty-Three Years.

Special to the Post-Dispatch. PHILADELPHIA, Nov. 4.—The Rev. Burcharth Villiger, the oldest and one of the most prominent Jesuits in this country, is seriously ill here for his recovery. Father Villiger was born in Switzerland in 1819, and when a young man entered the Society of Jesus. During the Swiss revolution he was expelled, and he came to this country.

He was ordained in St. Louis and later came east to become vice-president of St. Joseph's college, then connected with old St. Joseph's college. He became the president of the college in 1883. He was called to Rome to attend the general council of representatives of the Society of Jesus. On his return to this country he was given charge of the second novitiate of the young priests at Frederick, Md., and was later appointed rector of Woodstock College, which position he held until his return to this city a little more than a year ago. Father Villiger has been a member of the Society of Jesus for sixty-three years.

KAISER INTERESTED IN FAIR  
Tells His Ambassador at Washington That Germany Will Be Worthily Represented at St. Louis.

Special to the Post-Dispatch. WASHINGTON, Nov. 4.—St. Louis is to be a big winner because of the visit of the American generals to Europe. Emperor William, as well as King Edward, have taken up the St. Louis World's Fair and will vie with each other to make the better showing.

A Berlin dispatch represents that Ambassador Holleben saw Emperor William twice on Friday and spoke to him of the St. Louis Fair, emphasizing the advisability of having Germany well represented. The Emperor said that Germany shall be worthily represented.

A Berlin dispatch represents that Ambassador Von Holleben was in conference with Chancellor Von Buelow today on the subject. A dinner was given at the German embassy in Berlin last night in honor of Theodore Lewis, who has been appointed imperial commissioner for the exposition. Members of the staff of the American embassy and representatives of the foreign ministry were present. Mr. Lewis is authorized to choose a location and arrange for putting the German pavilion, after which the German will return to Germany and select exhibits. Then he will go back to St. Louis to remain there until the fair closes.

## THE HORSE SHOW.

## TWO KILLED BY A RUNAWAY CAR

Another Trolley Accident on Kansas City Grade.

CURRENT POLE LOST WIRE  
BRAKE CHAINS BROKE, LEAVING CAR UNCONTROLLED.

Motorman, Who Stood at His Post During Mad Dash Down Hill, Probably Will Die From His Injuries.

Special to the Post-Dispatch. KANSAS CITY, Mo., Nov. 4.—An electric car, traveling down grade on Broadway this morning, lost the trolley wire.

The motorman applied the brakes, but the chain broke and the car dashed downward at terrific speed. At the corner of Sixth street and Broadway, where the track turns to the east, the car ran into a wagon, killing the negro driver and his two horses, and smashing the wagon to splinters.

The car then crashed into a saloon, killing a woman on the sidewalk and injuring a number of persons.

The dead are: MRS. MARGARET CRIST, Olathe, Kan.; CHARLES JOHNSON, Kansas City; driver. The injured are: Miss Mollie Crist, Olathe, Kan.; cut and bruised. Mrs. A. E. Cartmel, Kansas City; cut and bruised. Miss Lizzie Doan, Kansas City; head and shoulders cut; severe shock. Ernest McMullin, motorman; scalp, face and shoulders badly cut.

Miss Rose Reeves, Kansas City; cut and bruised. According to the stories of eye witnesses and passengers, the car lost its trolley between Ninth and Tenth streets, where the hill began, and gained speed rapidly on the sharp curve at Fifth street.

Charles Johnson, a negro, was driving the car. He was seated on a wagon behind the car, and was holding on to the car. The car was traveling down grade on Broadway this morning, and lost the trolley wire.

The car then crashed into a saloon, killing a woman on the sidewalk and injuring a number of persons.

The car then crashed into a saloon, killing a woman on the sidewalk and injuring a number of persons.

## THE PRESIDENT CAST HIS VOTE

POLLING PLACE OVER A CHINESE LAUNDRY.

BALLOT NUMBER WAS 170

Driven to the Polling in a Trap With Mrs. Roosevelt and Greets His Neighbors.

OYSTER BAY, N. Y., Nov. 4.—President Roosevelt cast his vote a few minutes before 11 o'clock. As he turned from the booth the President said to a group of on-lookers: "I have done all I can do now. I have performed my duty and exercised my privilege as an American citizen and I shall now await the full returns."

He then started on a long drive with Mrs. Roosevelt.

It was 10:48 o'clock when the President and Mrs. Roosevelt drove up to the voting place in a trap drawn by a pair of bays. A big crowd had been awaiting his arrival for an hour. He was joined by Assistant Secretary Loch and James K. Gracie, an uncle of the President. Mr. Roosevelt cordially greeted several of his personal friends and acquaintances in the crowd and then proceeded to the voting place, which was in a hall over a fish market and a Chinese laundry. After shaking hands with the judges and clerks of election the President cast his ballot, which was No. 170. He then informally greeted many of his friends who had assembled, and as he drove away the crowd cheered him heartily.

Election returns will be received tonight by wire at the executive offices in the Oyster Bay Bank building. They will be compiled and telephoned to the President at Sagamore Hill.

Supreme Court Holds That Dollars Without Limit Must Be Taken in Payment of Obligations.

WASHINGTON, Nov. 4.—The effect of a decision handed down by Chief Justice Fuller of the United States Supreme Court, is that silver dollars without limit must be accepted in payment of legal obligations.

Stephen Baldwin of Oakland, Mich., tendered Fred A. Baker 250 silver dollars in payment of a promissory note, secured by mortgage. The tender was refused on the ground that the legal tender provision of the act of 1875 is unconstitutional. Baldwin entered suit to compel acceptance of the money. The lower court decided in his favor, and these decisions have now been affirmed by the Supreme Court.

THE WEATHER INDICATIONS.  
Missouri—Rain and colder tonight; Wednesday, Nov. 5, rain, possibly showers and colder in west.

## ELECTION JUDGE WAS ARRESTED

IN THE ELEVENTH PRECINCT

JOHN MARSHALL CHARGED WITH CARRYING CONCEALED WEAPONS

John Marshall, a Republican judge of election in the eleventh precinct of the sixteenth ward, was arrested this morning on the charge of carrying concealed weapons, and was taken from the polling place to the Fourth district police station.

Reports received at the office of the Board of Election Commissioners stated that a similar arrest of a Republican judge had occurred in the seventh precinct of the third ward.

Complaints to BOARD. Complaints from more than 50 voters who had not been allowed to vote at their polling places were received this morning at the office of the Board of Election Commissioners in the City Hall. In some cases the commissioners gave the complainants letters to the judges of election in their precincts, instructing them to allow the voters to vote. In other cases no relief was granted.

Rev. George Sinclair of Christ Church Cathedral, who resides at Schuyler Memorial Hospital, adjoining the cathedral edifice at Thirteenth and Locust streets, reported that he had been refused his vote and had been informed that his name had been stricken from the lists. Commissioner Aloe wrote a letter to the judge of election in the precinct, instructing him to allow the voter to vote.

Charles F. McMahon of 1028 South Eighth street reported that his name had been placed by the registering officers on the primary books, but not on the poll books. The judges were instructed to amend this error.

Mrs. Margaret Crist and her daughter, Mollie, both of Olathe, Kan., who were walking west on Fifth street, reached the front of the saloon the instant that the car left the polls. The daughter sprang backward just in time to avoid being caught by the car. Her mother, however, was caught by the car and was killed.

THE WEATHER INDICATIONS.  
Missouri—Rain and colder tonight; Wednesday, Nov. 5, rain, possibly showers and colder in west.

THE WEATHER INDICATIONS.  
Missouri—Rain and colder tonight; Wednesday, Nov. 5, rain, possibly showers and colder in west.

Missouri—Rain and colder tonight; Wednesday, Nov. 5, rain, possibly showers and colder in west.

## ALOUE EXPECTS

TOTAL OF 95,000 VOTES

Thinks 50,000 Were Polled by 1 O'Clock.

DEMAND FOR MORE BALLOTS

DESPITE THREATENING WEATHER POLLS WERE CROWDED.

In Six Wards 7000 Votes Had Been Cast by 9 O'Clock—No Trouble Developed at the Polling Places.

With the exception of the fire alarm and election commissioners' offices, all the departments of the city government will be closed at the City Hall today, this being a general holiday. Even the marriage license office will be closed. The civil courts and the police courts have also suspended operations. No official announcement of general holiday was made by Mayor Wells, but it is understood that on the days of such elections as those of today, no business is transacted in city offices.

Election Commissioner Louis P. Aloe said this afternoon that he believes from 50,000 to 55,000 votes will be the total for the day in St. Louis. Mr. Aloe made the statement that he believed about 50,000 votes had been cast by 1 o'clock. Demands from the polling places for more ballots he interpreted as meaning that a heavy vote is coming out.

In the Twenty-seventh, Twenty-eighth, Ninth, Tenth, Nineteenth and Fifteenth wards an estimated total of 7000 ballots had been deposited before 9 a. m.

If this average is kept up the election inspectors predict that the total count will reach 100,000.

REPUBLICAN VOTE. Clinton A. Welch, in charge of Republican campaign headquarters, stated that the Post-Dispatch that he was assured the Republicans would get out their vote.

"Our party workers," he said, "were hand at 5 o'clock, and at 6 o'clock all the judges and clerks had reported for duty. 'We have given explicit instructions our judges to ascertain the name of a policeman stationed at his polling place so that if trouble occurs we will be able to meet it, and report the officer may be guilty of any violation of his duty. 'I feel more certain today than I 24 hours ago of the result. This certainly convinces me that the Republicans sweep the city by a plurality of 500. 'Conservatively speaking we will win two and probably three congressmen in St. Louis. I expect joy to win with votes to spare.'"

As to the result in the Twelfth Mr. Welch did not appear so optimistic.

He said that he thought the people would choose law and order in preference to "the frolics daily."

DEMOCRATS CONFIDENT. At Democratic headquarters the party leaders are smiling and confident of victory. Chairman John Dolan of the Democratic city central committee declared that the Democrats would capture St. Louis by a majority ranging from 10,000 to 12,000.

He added that there was a great disaffection among the Republicans, particularly in the Ziegenhain and anti-Ziegenhain factions, and that hundreds of votes would be thrown to the Democratic ticket. He said the Democrats were getting the benefit of the labor vote.

In the South End wards it was reported that Zachritz was being scratched pretty persistently and in the Twenty-seventh Twenty-eighth and Twenty-ninth he would run by being his ticket.

Judge Talty, according to the politicians, seems to be making the better race of the three Republican nominees.

The Allied party sticks to its claims that it will poll double the vote of Les Meriwether's party. Ownership party. It is counting largely on its strong union representation.

Dr. J. C. Chambers, the Allied party candidate for Congress, says he will have to be counted out before he will acknowledge defeat. He claims over 15,000 votes.

The assertion is made that the Allied party ticket will poll between 25,000 and 30,000 votes.

PUBLIC OWNERSHIP. Meriwether believes his ticket will receive 50,000. The politicians generally confirm the estimate made by the Post-Dispatch that the party receiving 25,000 votes will not only win, but elect its entire ticket.

A story was current Tuesday morning that the old enemies of Dr. Bartholdi were knifing him in the South End for Blow, the Democratic candidate, and that the disaffection extended to the entire district.

Mr. Bartholdi's friends say this is not true and figure his majority at not less than 4500.

One of the most prominent of the Republicans, but whose fealty to the organization has been doubted, says that the Ziegenhain wing is giving Jim Butler, the Twelfth district congressional nominee, its almost undivided support.

Wagoner is expected to run stronger than Reynolds, on account of being favored by both factions and for the further reason that being a candidate for the short term he has a good working majority of 1000 in the Twenty-eighth ward, which was squandered out of the Twelfth by the last Legislature.

BUTLER. Butler is a Republican and is expected to run for Congress.

## TRIED IN VAIN TO SAVE DROWNING BOY IN 42 STATES POLLS ARE OPEN

FIVE-YEAR-OLD JUST OUT OF  
REACH OF HELP.

CHILD FELL INTO A POND

Mrs. Yeager, at Birken Station, Ill.,  
Waded In to Rescue Him, but He  
Was in Water That Was Too  
Deep for Her.

Howard Jackson, 5 years old, was drowned yesterday afternoon in a pond near his parents' home at Birken Station, Ill., while Mrs. Henry Yeager, a neighbor, stood a few feet away in water almost up to her chin, having dared to go to the boy's aid in a vain effort to rescue him. The boy fell from a springboard which projects over the pond, and which is used by swimmers.

Mrs. Yeager saw him playing near the end of the long board and called to him to come back.

The boy looked back, then ran a few feet farther on the board. As he stopped the reaction of the spring threw him into the water.

Mrs. Yeager ran to the brink of the pond and waded in. When she reached the utmost depth where she dared to go the child was sinking for the last time a few feet beyond.

After regaining the bank the woman fainted. When she recovered she summoned the boy's parents, Mr. and Mrs. Edward Jackson. The body was recovered a few hours later.

## PAINE'S Celery Compound

Makes Permanent Cures in Chronic  
and Complicated Cases  
of Rheumatism.

It Gives New Life to Helpless and  
Crippled Men and Women.

Professor Edward E. Phelps, M. D., LL. D., has given to his profession a positive and permanent cure for all forms of rheumatism from which so many suffer in the autumn season. To the rheumatic, this truth should prove encouraging and comforting. Men and women suffering from these agonies from a disease that frequently stiffens the joints, cripples the limbs and renders its victims quite helpless, can be restored to activity, vigor and health. If Paine's Celery Compound be used for a few weeks. There is every reason why sufferers should pin their faith to this best of medicines. Your friends and neighbors have used it with success; the honest physician in prescribing it every day in cases where all other means have failed, and they are delighted with the happy results. Why hesitate, or doubt the powers, virtues and efficacy of the medicine that is curing thousands today? It is your only hope, your only aid, and it depends upon its use. Lizzie Pierce, Folger, Tenn., once helpless and in a critical condition from rheumatism, writes thus:

"I had rheumatism so bad that I could not walk, and could not bear to have my legs moved; I often thought the disease would kill me. I commenced taking Paine's Celery Compound; I used two bottles and have not had the slightest symptom of rheumatism since. I wish I could tell the whole world the good your medicine has done me. My mother, who had rheumatism for years, was cured by Paine's Celery Compound after using a few bottles. She can run now like a child and says she feels ten years younger. I could tell you of a dozen or more people who were cured by Paine's Celery Compound."

## DIAMOND DYES

They are made especially for the HOME.  
Are made for HOME ECONOMY, and can be used to make anything look bright and new. Direction book and 45 dried samples free. DIAMOND DYES, Burlington, Vt.

## Bad Taste in the Mouth

When you get up in the morning with a coated tongue and a bad taste in the mouth, you may or may not be seriously ill, but if there is any disease going, you will catch it.

Even though you "catch" no definite disease, you are likely to be worse before you are better unless you attend to yourself.

We know what you think—first you are half persuaded to try Vinol, and then you say to yourself: "That's the same story all the medicines tell; we've heard it before."

But Vinol is not like other medicines. If it were, we shouldn't be talking about it.

Vinol is not a secret medicine. Any doctor will tell you that cod liver oil (the principal ingredient in Vinol), has been the recognized standard tonic and body-builder for three hundred years, and would be today except that the old kind tastes so bad folks won't and can't take it.

Vinol is made by a remarkable chemical process which cuts out the grease and bad taste and leaves all the medicinal qualities of cod liver oil intensified.

We will pay back your money if it doesn't help you.

OLFF-WILSON DRUG CO.,  
10th and Washington Av.

## In 22 Ballots Are Cast for Governors.

THREE STATES HAVE VOTED.

THEY ARE MAINE, VERMONT AND  
OREGON.

In All of the Other Congressmen Will  
Be Chosen, and Thirty New Sena-  
tors Will Take Their Seats  
After March 4.

Special to the Post-Dispatch.

WASHINGTON, Nov. 4.—Today elections are being held in 42 states, the other three—Maine, Vermont and Oregon—having already selected state officials and their representatives in the Fifty-fourth Congress.

In 22 of the 42 states a governor and other state officers and congressmen are to be chosen; in 11 minor state officers or judges of the Supreme Court and congressmen are to be voted for, while in nine congressmen only are to be elected.

Congressmen only are to be selected in Arkansas, Georgia, Mississippi, Louisiana, Virginia, West Virginia, Maryland, Kentucky, Ohio, Arthur P. Gorman (Dem.), Maryland; W. P. Dillingham (Rep.), Vermont; Samuel B. McEnery (Dem.), Mississippi.

In the following states legislatures which select a senator are to be chosen: Missouri, New Hampshire, Connecticut, New York, Pennsylvania, North Carolina, South Carolina, Alabama, Georgia, Indiana, Illinois, North Dakota, South Dakota, Wisconsin, Kansas, Idaho, Utah, Nevada, Washington and California. The legislatures of Oregon, Arkansas and Georgia, which select a senator, have already been chosen.

There are two vacancies in the list of hold over senators, due to the failure of the legislature of Delaware for the last four years to elect a senator. If a legislature should be elected there would choose two Republican senators. It would increase the number of Republicans to eighteen, which, added to the thirty-seven Republican hold over senators, would give the Republicans a majority of fifty-one in the Senate.

There is much more uncertainty as to the House of Representatives. Out of the total of 35 Congress districts there are 365 which can be counted upon with reasonable certainty. Of these 201 are put down in the conservative estimates as Republican and 164 as certainly Democratic. This leaves forty-one districts in doubt. If all the doubtful districts should go Democratic, the Republicans would still hold 201 seats in the House.

Aside from the two principal political parties, a dozen others have tickets in the field. The Socialistic Labor party is represented in Missouri, Ohio, Wisconsin, Washington, Indiana, Pennsylvania, Colorado, Massachusetts and Connecticut, and the Social Democratic in Wisconsin and Minnesota. The other parties have tickets as follows: Peoples—Illinois, Texas, Idaho, Colorado. Allied Populist—Texas, Kansas. Populist—Montana, Indiana, Minnesota. Labor—Montana. Public Ownership—Missouri. Liberal Democrat—New York. Union Republic—Delaware.

Never in recent years has there been so much complaint of anxiety among the voters. Both parties will suffer from it. It will affect the Republicans most seriously in the East and the Democrats in the West.

Probably the most interesting battle is in Pennsylvania, where a division in the Republican ranks has given the Democrats hope of victory. The Democrats claim Pattison for governor will beat Pennypacker, but Quay claims the Republican will sweep the state.

New York Democrats are claiming that Coe will defeat Odell for governor. Basing their claims on the expectation of Democratic gains in the city of New York. The Republicans are confident of victory by a reduced majority.

The figures of the Roosevelt-Van Wyck contest are regarded by politicians as the safest basis for comparison this year, as that fight was similar to the present one with party lines well drawn and without a presidential contest entering into the question.

Roosevelt's total vote ..... 691,707  
Van Wyck's total vote ..... 643,921  
Roosevelt's plurality in state ..... 17,786  
The vote in Greater New York that year was:

County. Van Wyck. Roosevelt.  
New York ..... 174,478  
Kings ..... 101,526  
Queens ..... 82,146  
Richmond ..... 6,723  
Totals ..... 264,774  
Van Wyck's plurality over Roosevelt in 1900 was 84,530.

For the first time in the history of Wisconsin women were given the right to vote and cast their ballots today. Under a law passed at the last session of the Legislature women were given the right to vote on school questions and for the candidates for school officers. However, they are voting today for the state superintendent of schools, the county superintendent of schools and on an amendment to the constitution which would give women the term of office for superintendent of schools.

NEW YORK. Nov. 4.—Reports from all over the state today, with few exceptions, showed that fine weather prevailed everywhere and that a large vote was cast both in the cities and the rural districts. The report was in good condition, and that helped in getting out the farmer vote. After the governorship interest up to the state center in the contest for a supreme court justiceship in the Fifth judicial district, where Attorney-General Davis, a Republican, was opposed by Watson M. Roberts, a leading young lawyer from the district, who ran on an independent ticket and was endorsed by the Democrats. A dispatch from Little Falls, which is in the district, said that Davis was running behind his ticket, and another dispatch from Oswego said there was considerable splitting on tickets, presumably on the justicehip.

Another point that was watched rather closely was the voting for judge of the court of appeals. Judge Gray, who is now a member of the court and who is a Democrat, having been endorsed for re-election by a number of Republican lawyers in New York County and throughout the state. Justice Water was Mr. Gray's opponent. He having been nominated by the Republicans at the Saratoga convention. Both candidates for governor voted early. Mr. Coe in Brooklyn and Mr. Odell in Newburgh.

By noon more than two-thirds of the registered vote had been cast and in many districts fully 90 per cent of the balloting had been completed. The deputies of the state superintendent of elections continued to make arrests and the number increased to 132 before noon, including five attached to a hospital and a Democratic captain of an election district.

DES MOINES, Nov. 4.—Apathy, regardless of the fine weather, exists in all parts of the state, according to reports received. The only district where the vote in all probability will exceed that of the year 1900 is in the Second district, where the Democrats are making a desperate effort to elect a congressman. The Republican state central committee estimates this

morning that the Republicans will be fully 10,000 short and place their plurality at 10,000 for the reason that the Democrats will suffer equally with Republicans over the lack of interest in the election.

Second district, Scott County reports a Republican vote being cast and that Hoffman, the Republican, is running ahead of his ticket. This proves true, his election is assured. Secretary of the Treasury Shaw voted early this morning at Denison and secretary of Agriculture Wilson was one of the first to cast his vote at Tama.

## MISSOURI.

KANSAS CITY, Mo., Nov. 4.—Weather cloudy and warm with a slight drizzle of rain. Early indications at the polls was that a "light vote" would be cast.

In Kansas City, Kan., more interest seems to have been taken in general, and a large early vote was polled.

ST. JOSEPH, Mo., Nov. 4.—Election day opened cloudy with showers. Not much interest is manifest, and the attendance at the polls is lighter than expected.

JEFFERSON CITY, Mo., Nov. 4.—A heavy rain has been falling here since 6 o'clock. A heavy vote is being polled.

## PENNSYLVANIA.

PITTSBURGH, Nov. 4.—After voting at his home at Beaver, Pa., Senator M. S. Quay, chairman of the Republican state committee, left on a special train for Philadelphia, where he expects to arrive tonight. He declined to say anything as to the outcome of today's balloting except that Pennypacker would be elected governor or on good Republican figures.

## KANSAS.

TOPEKA, Kan., Nov. 4.—Election day in Topeka opened dark and rainy but warm. There is an intensely bitter local fight over the election of sheriff. The very close contest is one of the most prominent Republicans are supporting an independent ticket, and the contest promises to be very close.

Rev. P. W. Emerson, prohibition candidate for governor, says that he expects the heaviest vote of any candidate on that ticket since the days of John P. St. John. The proposition to increase the pay of legislators to \$500 per year is receiving a heavy vote.

In this city, at the First Methodist Church, an all-day prayer meeting is being conducted for the success of the very close candidates representing the prohibition issue for sheriff and county attorney.

## ILLINOIS.

CHICAGO, Nov. 4.—Notwithstanding a drizzling rain, early indications indicate a heavy vote all over the city. The chief interest centered in Congressman Lombard's district, where a record vote is expected to be gotten out. The election commissioners were busy soon after the polls opened, with matters brought to them for adjudication. There was much evidence of split tickets reported by watchers throughout the city, especially on candidates for

## Laces and Embroideries

A great sale Wednesday on main floor and in the basement. Laces and embroideries, all so cheap that it will pay you to buy now for next spring.

Imported Striped Oxfords, worth 25c a yard, at 12 1/2c

Fine quality white figured Oxfords, worth 30c a yard, for 19c

## WISCONSIN.

RACINE, Wis., Nov. 4.—The women's vote on the constitutional amendment will be said to be the largest ever cast in southern Wisconsin.

Among those voting early were a number of women, mostly school teachers. Several of the latter who had not registered went to the trouble of appearing in their votes.

OSHKOSH, Wis., Nov. 4.—Early indications point to a heavy vote. The hundred and fifty women will cast their ballots. The weather is threatening.

## No Indictments Returned.

The grand jury adjourned late yesterday afternoon after an all day session, and returned no indictments. It will not again convene until tomorrow, when it is expected the examination into false registration will be continued.

J. B. Speerbrink of 572 Washington ave., testified, it is supposed, regarding fraudulent registration from the stables of the Excelsior Hauling and Transfer Company. Joseph J. Schuler, Republican city committeeman from the fifth ward, was also a witness.

## MORGAN'S PARTNERS' DENIAL.

Doesn't Satisfy England About Coal Combine Rumors.

LONDON, Nov. 4.—While denials of J. P. Morgan's London partners respecting prospective purchase of the coal fields and potteries of Staffordshire are considered unconvincing in that quarter, it is evident that a combination of some kind has been formed for controlling the production of the coalleries.

If this combination be exclusively British, it probably will be followed by a similar movement in other mining sections. Amalgamations of the iron and steel industry are constantly going into effect. A British steel trust may be the final result of the numerous smaller amalgamations.

## ST. LOUIS CRICKET CLUB.

Association Will Give a Banquet Thursday Evening.

The St. Louis Cricket Club will give its "tenth annual dinner" at 411 North Broadway, Thursday evening, Nov. 6. Proceedings will commence at 8 o'clock.

C. W. Grayson, president of the club, will occupy the seat of honor and will be assisted by Rev. Duckworth and Capt. D. Murray. The policy of the club for the ensuing season will be outlined and other matters of interest will be discussed.

The St. Louis Cricket Club has made an excellent record for the past season and during its northern tour fully sustained the reputation of St. Louis as a city where the great English game is understood and well played.

## PROF. ZUEBLIN TO LECTURE.

Will Talk to St. Louis Improvement Associations About Improvement.

Prof. Charles Zueblin of Chicago University will lecture Saturday night at Twelfth and Sagamore streets before the North St. Louis Club Improvement Association. Sunday he will talk to the Tenth Ward Improvement Association at Chilpewa and Madison avenues. In his lecture in North St. Louis a stereopticon will show what has been done in the improvement of other cities. Parks and boulevards will be the theme. Prof. Zueblin is corresponding secretary of the American Civic Improvement League.

## PACIFIC COAST EXPORTS.

Heavy Increase for Puget Sound Ports, Especially Tacoma.

TACOMA, Wash., Nov. 4.—Portland and Tacoma have exchanged positions in the wheat export trade since last year, says the Evening News. During the first nine months of the present year the exports of wheat from Puget Sound are about equal in volume to the exports of that staple from Portland during the corresponding months of last year and vice versa. The total exports of wheat from the United States during nine months ended with September, 1902, show a heavy falling off as compared to the figures of 1901, and it is a noticeable fact that only three customs districts in the United States fall to show the effect of the slump in wheat exports in their export trade figures. The total exports of wheat in nine months from Puget Sound ports were 1,342,227 bushels, from San Francisco of 1,342,227 bushels, and from Newport News of 991,384 bushels. All the other principal customs districts in the United States show a falling off in wheat exports, our nearest neighbor, Portland, losing 1,728,938 bushels, or about as much as Puget Sound, which in its export trade from Tacoma, gains 1,342,227 bushels. The figures showing the development of the wheat export trade from Tacoma and the Puget Sound collection district and from Portland during the nine months ended with September in each of the last three years are particularly significant in the gravitation of the trade to this port. They are as follows: Puget Sound represents the number of bushels exported.

## EXPORTS OF WHEAT.

Nine months ended September—  
1901 1902  
Puget Sound.....2,699,573 6,715,579  
Willamette.....6,730,154 8,388,079  
Total.....9,429,727 15,103,658

## THE BEST

## BASEMENT BARGAINS

EVER OFFERED.

Notions, Toilet Soap, Stationery, Dolls and Fancy Goods.

Quantities Not Limited.

Those Selling Goods Over Again Should be on Hand Wednesday, as These Prices Cannot be Duplicated in America Today.

## OFFER FOR A FIGHT

MADE TO CORBETT

Century Club Wants Him to Meet "Denver Ed" Martin for \$10,000.

LOS ANGELES, Cal., Nov. 4.—Thomas McCarty, manager of the Century Athletic Club, has written to James J. Corbett and to Billy Madden, manager for "Denver Ed" Martin, offering a purse of \$10,000 for a meeting in this city between the ex-champion and the negro heavy weight. The date of the meeting was left to the convenience of the two men and in case he succeeds in bringing about a meeting McCarty promises that the winner shall meet Champion Jeffries in May of next year at the time of the annual fiesta. He promises that the purse for the latter fight will equal that offered by the Century Club when it was trying for the Jeffries-Fitzsimmons bout.

## GREAT NORTHERN LOSES CASE.

Judge Thayer Holds It Cannot Oust Western Union Company.

ST. PAUL, Nov. 4.—The decision handed down yesterday by Judge Thayer of the United States Circuit Court of Appeals, in which the Great Northern was beaten in its suit to oust the Western Union from the railroad's right of way, the decision holds that the contention of the Great Northern Railway Co., in this instance, meant little less than confiscation.

The Circuit Court of Appeals also further held that the contract which the telegraph company has with the Great Northern was and is for perpetual right of way, and not to be disrupted, but it is allowed that the railway company is entitled to the cost of transporting any and all material which the telegraph company uses in the construction of its line.

The litigation involved 325 miles of lines built prior to 1892, and now valued at \$2,500,000.

## Lillian Ennis Gets Divorce.—Lillian

Ennis was given a divorce from Walter Ennis by Judge Ferriss yesterday, and although her husband did not contest the suit he was ordered into court and instructed to pay Mrs. Ennis \$25 a month alimony. She charged indignantly.

## GILMORE LIBRARY SOLD.

Will Be Brought to St. Louis by Musicians' Mutual Benefit Association.

The musical library of the late bass master Patrick S. Gilmore has been purchased by representatives of the Musicians' Mutual Benefit Association for the use of the Louisiana Purchase bass. It will be turned over to the association. The library was purchased from Mrs. Ellen Gilmore, widow of the bass master. It contains 18,000 volumes. The price paid for it was \$25,000. It will be brought to this city at once and placed in the new quarters of the union musicians at Eighteenth and Olive streets.

The announcement of the acquisition of the Gilmore library was made to the members of the association Monday afternoon after they had completed their march from the old Aschenbroedel Club headquarters at 604 Market street, to the new home of the musicians.

## Mrs. Barret Will Wed Again.

Mrs. Lily Edgerton Barret, daughter of Gen. Edgerton, formerly of St. Louis, will be married in New York, at the home of Adam G. Henry, Jr., to Mr. Ernest Prussing of Chicago, Dec. 10 next.

## Will Address Bank Clerks.—William

T. Jones will speak on "Chattel Mortgages" at a meeting of St. Louis chapter, American Bankers' Association, at the Missouri Historical Society building, Sixteenth and Locust streets.

## Assurance of Sterling Quality in Gorham Silver

is conveyed by the trademark. Something more, too, is thus assured. Attractive design, sound workmanship, and moderate cost.

Broken lot of children's fast black seamless fleece-lined Hose, worth 12 1/2c— for 3c

Broken lot of children's fast black ribbed wool Hose

## VALERIE BERGERE IN VAUDEVILLE

### OPENED IN ST. LOUIS AT THE COLUMBIA

#### SOTHERN BACK IN "IF I WERE KING"

VALERIE  
BERGERE,  
COLUMBIA.

Valerie Berge in "Billie's First Love" made her appearance for the first time in vaudeville in St. Louis at the Columbia last night. Miss Berge is pleasantly remembered for her wonderful work in "Madame Butterfly" at the Century a couple of seasons ago, and last night she but added to the good impression she had made. "Billie's First Love" is by Grace Griswold and is a clever idea. The scene represents the apartment of Billie and Josephine Paul, a married theatrical couple, prosperous but temporarily out of an engagement. It suggests late hours the night before, and a very slight knowledge of tidy housekeeping, but late hours are compulsory with an actor and housekeeping usually is not. The piece tells of the doings of a young actress who is so engrossed in her profession that she completely forgets her obligation to her husband. She is brought to her senses, however, by the appearance on the scene of a supposed former wife of her husband, who was thought to have been drowned. The real wife, thinking to leave her husband free to his former love, feigns madness, and a confession on the part of the supposed wife that she is only a twin sister of the real wife clears the air. The world's clever piece serves to effectively bring out Miss Berge's versatility—and she is certainly versatile—her quick transitions from one emotion to another being especially marked. Miss Berge's handling of the comedy lines and her delicately humorous touches were apparently what best pleased Monday night's audience.

Among other on this week's bill are the Pantier trio of contortionists, who do some wonderful work and have a few new tricks. Miss Fuller of Smith and Fuller, musical novelty artists, translates ragtime melodies into symphonies of harmony on the harp. The program is completed by Florence M. Beach, singer and dancer; Rutherford and Elliott, Tom Almond, Castellan and Hall in a sketch, Forester and Ford, Colby and Way, Leslie's dog circus, Swan and Bamard and Harry Thomson in a talking act and imitations.

"If I Were King." Justin Huntly McCarthy's powerful drama, has lost none of its charm since it was seen here last season, and Mr. Southern is even more forceful in his interpretation of the character of Francis Villon, the ragged rhymer, who for a week and a half, Leslie's dog circus, France and won his lady love because he "was a man come to court."

At the Olympic night Mr. Southern was tendered a perfect ovation at the close of the third act, and such a demonstration was given as not frequently seen in St. Louis playhouse. For fully five minutes the applause lasted. Truly it is one of the best before the curtain so many times that I won't attempt to enumerate them.

The play is unchanged since last season, but the company has been strengthened by the substitution of Miss Margaret Livingston for Miss Cecilia Loftus. Miss Livingston is a young woman and just a bit overstrung at times. The work of the company is of genius and also of hard work. Her emotional bit in the third act won her a storm of applause. The part of Ruygrette, in the hands of Jennie Eustace, is also better done than last season. Of the work of George W. Wilson as Louis XI it can only be said that it is, if possible, more finished than last season. Truly it is one of the most remarkable pieces of character work ever seen on the stage.

Dressing-room space for 300 people will have to be provided at the Olympic next week, for this is the number of people to be seen in Mansfield's great revival of "Julius Caesar." They appear in the market place during the processions to the Lupercal games, in the Forum during Brutus and Anthony's orations over the bier of Julius Caesar, and in the scenes on the wooded plains of Philippi. Mansfield brings a large corps of stage workmen of his own, but the house staff will be more than doubled. The stage will be stripped from cellar to roof of all but drop curtain, Mansfield even brings his own light apparatus for "Julius Caesar."

Burton Holmes, whose reputation as a lecturer on travel has rapidly increased during the ten short seasons he has been before the public, is soon to begin his quadruple series of lectures in the Odeon. "From Gibraltar to the North Cape" is the title given the entire series, which describes his travels during the past summer months. There will be four lectures in the course, the subjects being given in the following order: "Portugal, a Land of Loveliness"; "Denmark, Through Hamlet's Country in a Motor Car"; "Sweden, the Capitol, the Country and the Canals"; "Norway, Through the Five Great Fjords." The first subject will be given Thursday, November 6.

**MARY MANNERING HAS COME INTO HER OWN**

ST. LOUIS, Nov. 4.—Miss Mary Manning has come into her own again—a many think—this time in "The Student's Termination," by Clyde Fitch, who made his life last night at the Gar-

most pronounced hit. It allowed her agreeable personality full swing, permitted occasional flashes of her temperamental qualities, and she was in a situation for some one really to act. Arthur Byron, in the role of Hungarian, stopped in and carried the scene with a rush. The plot was simplicity itself. It was the story of a young American girl, who returned home on an ocean liner from a long sojourn abroad, met and fell in love with a poor young Hungarian count. Later in the whirl of New York society life the count, who was concealing his name and title, was mistaken for a scapegrace brother who had made a bad record in London. Gertrude stubbornly refused him. Then she as stubbornly refused to believe the stories about him. At last the truth came out, when the count was earning his living as a fiddler in a Hungarian orchestra. The upshot was that the orchestra lost a fiddle and the count won a wife.

Miss Manning has a most agreeable role of a true-blue American girl. Miss Amy Ricardo scored the laughing hit of the evening as a blunt, matter-of-fact and shallow western girl, just back from a gallop through Europe. Arthur Byron hid his character of the sweetest of sweet sentiment, fine police and forceful manliness.

Martin Harvey, the romantic young English actor, played the King in an English version of Von Roemer's exquisite 1901, "The Children of Kings," at the Herald Square Theatre last evening. This delicate bit of legendary romance has become a classic on the German stage, and theater-goers remember its admirable production with Agnes Borna as the goose-girl, a few years ago it is new, though to the English stage, and its presentation by Mr. Harvey is a welcome one.

There was delightful acting in this performance. Martin Harvey's impersonation had all the elements of a masterpiece of adolescence, the enthusiasm, rhapsody, the freedom, and finally the deep sorrow which became poignant when maturity followed the learning of the lesson of life. He spoke with a great variety of modulation, of verbal accent and a gentle emphasis of the rhythm of poetical speech. He was ably seconded by Miss N. de Silva, whose goose-girl was a delicious bit of innocent maidenhood, who learns at the very threshold of life its saddest teachings.

**CONCHA ORDERED TO PROCEED**

Colombian Government Tells Its Minister to Take Up Panama Canal Negotiations Immediately.

WASHINGTON, Nov. 4.—The Colombian government has ordered its minister, Mr. Concha, to proceed with the negotiations for the Panama Canal without regard to his personal feelings.

Mr. Concha, acting upon this instruction, has descended from his lofty station and announced that he will take up the canal issue upon Secretary Hay's return from New England.

The negotiations were abruptly broken off by Mr. Concha, who was angered by the action of Admiral Caceres in refusing to allow Colombia to transport troops on the Isthmian railway. He held that there was an assumption of sovereignty, and that America should apologize. The government, however, has instructed him to leave that phase to it.

It is understood that an agreement will be reached soon, as the only difference now is based on money.

## FOUND DEAD IN THE YARD.

### Body of James Watts Discovered by Neighbors in the Rear of His Home.

The body of James Watts, 46 years old, was found this morning in the rear of his home at 1821 Texas avenue by a neighbor, Mrs. Henry Schwarzkopf of 1828 Texas avenue.

Dr. C. Bernstock of 2815 Lafayette avenue examined the corpse and said that Watts had died from carbolic acid poisoning. Mrs. Watts says that her husband has been ill and despondent for some time. Watts leaves three children.

**Remick Household Bereaved.**

The infant son of Mr. and Mrs. George E. Remick of 3801 Cleveland avenue died this morning and will be buried in Bellefontaine cemetery, from the family residence.

## DISCUSSING KAISER'S VISIT

### London Regards William's Pilgrimage to England as Substantiating the East African Rumors.

LONDON, Nov. 4.—Emperor William's approaching visit, being closely connected in time with the arrival of the King of Portugal, has revived discussions of the alleged secret chapter of Anglo-German diplomacy. It is regarded as indicating the existence of a secret agreement between the two governments relating to the partition of Portuguese East Africa, and many well-informed men suspect that Asia Minor is also included in the scope of this convention.

The most reasonable theory is that the British government, having secured an opportunity to buy the Portuguese territory when the Lisbon government is ready to sell it, and has arranged with the Berlin government a scheme for dividing it and adjusting the frontiers.

The German Emperor is alleged to be anxious to have the sale carried through and the advantages for Germany made known for the sake of vindicating his own course of action in keeping on good terms with England.

The British ministers, on the other hand, are believed to be reluctant to reveal a partition scheme in advance of actual purchase of territory, and the King of Portugal is not expected to lend encouragement to the idea so that the sale can be hurried on.

**Churches to Consolidate.**

A second consolidation of Christian churches is to be consummated, the congregations of the Fifth and Compton Heights churches having decided to merge their in-

## WILLIAM REDMOND IN JAIL.

### Irish Patriot Imprisoned for Making an Incendiary Speech.

DUBLIN, Nov. 4.—William Redmond was arrested on his arrival at Kingstown today and was taken to Kilmaham jail. Mr. Redmond several months ago made a speech at Wexford, which was said to be incendiary. He was ordered by the court of the King's bench to give bail for \$1000 for his future good behavior. This he refused to do, and the court sentenced him to six months' imprisonment.

**London Regards William's Pilgrimage to England as Substantiating the East African Rumors.**

LONDON, Nov. 4.—Emperor William's approaching visit, being closely connected in time with the arrival of the King of Portugal, has revived discussions of the alleged secret chapter of Anglo-German diplomacy. It is regarded as indicating the existence of a secret agreement between the two governments relating to the partition of Portuguese East Africa, and many well-informed men suspect that Asia Minor is also included in the scope of this convention.

## ALL AMERICAN BOWLERS WON.

### SEATTLE, Wash., Nov. 4.—The All-American bowling team defeated a picked team from the Bishop Club in a series of five games, with a total score of 752 pins, as against 264, made by the locals. Peter-son of the All-Americans, scored the largest number of pins, his record for the series being 307.

## DISCUSSING KAISER'S VISIT

### London Regards William's Pilgrimage to England as Substantiating the East African Rumors.

LONDON, Nov. 4.—Emperor William's approaching visit, being closely connected in time with the arrival of the King of Portugal, has revived discussions of the alleged secret chapter of Anglo-German diplomacy. It is regarded as indicating the existence of a secret agreement between the two governments relating to the partition of Portuguese East Africa, and many well-informed men suspect that Asia Minor is also included in the scope of this convention.

The most reasonable theory is that the British government, having secured an opportunity to buy the Portuguese territory when the Lisbon government is ready to sell it, and has arranged with the Berlin government a scheme for dividing it and adjusting the frontiers.

The German Emperor is alleged to be anxious to have the sale carried through and the advantages for Germany made known for the sake of vindicating his own course of action in keeping on good terms with England.

The British ministers, on the other hand, are believed to be reluctant to reveal a partition scheme in advance of actual purchase of territory, and the King of Portugal is not expected to lend encouragement to the idea so that the sale can be hurried on.

Mrs. Anderson, a prominent society woman of Jacksonville, Fla., daughter of Recorder of Deeds, West, who witnessed her signature to the following letter, praises Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—There are but few wives and mothers who have not at times endured agonies and such pain as only women know. I wish such women knew the value of Lydia E. Pinkham's Vegetable Compound. It is a remarkable medicine, different in action from any I ever knew and thoroughly reliable.

"I have seen cases where women doctored for years without permanent benefit, who were cured in less than three months after taking your Vegetable Compound, while others who were chronic and incurable came out cured, happy, and in perfect health after a thorough treatment with this medicine. I have never used it myself without gaining great benefit. A few doses restores my strength and appetite, and tones up the entire system. Your medicine has been tried and found true, hence I fully endorse it."—MRS. R. A. ANDERSON, 225 Washington St., Jacksonville, Fla.

Mrs. Reed, 2425 E. Cumberland St., Philadelphia, Pa., says: "DEAR MRS. PINKHAM:—I feel it my duty to write and tell you the good I have received from Lydia E. Pinkham's Vegetable Compound.

"I have been a great sufferer with female trouble, trying different doctors and medicines with no benefit. Two years ago I went under an operation, and it left me in a very weak condition. I had stomach trouble, backache, headache, palpitation of the heart, and was very nervous; in fact, I ached all over. I find yours is the only medicine that reaches such troubles, and would cheerfully recommend Lydia E. Pinkham's Vegetable Compound to all suffering women."

When women are troubled with irregular or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion, and nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pinkham's Vegetable Compound will correct all such trouble at once by removing the cause and restoring the organs to a healthy and normal condition. If in doubt, write Mrs. Pinkham at Lynn, Mass., as thousands do.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

**\$5000 FORFEIT** If we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

## FOUND A BURIED CITY IN MEXICO

Noted Archeologist Describes Its Wonderful Structures.

ITS ORIGIN IS A MYSTERY

BATES THINKS INHABITANTS LIVED 2000 YEARS AGO.

Scientists Marvel at Task of Building It, Which, It Is Estimated, Would Employ 10,000 100 Years.

Special to the Post-Dispatch.  
CHICAGO, Nov. 4.—Senor Leopoldo Bates, the eminent Mexican archeologist, passed through Chicago on his way to the City of Mexico from the congress of Americanists recently held in New York. Senor Bates has long been an authority on the archeology of his country, and for many years has been in the service of the government with the title of "Inspector general y conservador de monumentos en la Republica Mexicana." His published works have made his name familiar to scientists all over the world, and his discovery of the buried city of Monte Alban, four miles from the City of Oaxaca, in the southern part of Mexico, not very far from the ruins of Mitla, is the most important of his discoveries in America.

Senor Bates and Senor Berriozabal, the Mexican consul in Chicago, were guests of "El Circulo Espanol," and by special request of the members, the former gave an account of his explorations in Monte Alban. Senor Bates' findings were of great interest, and with the ease and fluency of speech which characterize his race, Senor Bates told in charming conversational style of the great city covering millions of cubic meters, with its shadowy palaces, pyramids and tombs, built of stone and mortar on the top of a high ridge of mountains so steep and rough as to be almost inaccessible.

In the absence of any indication of there having been water there, the supposition must be that not only were all the building materials brought there from a distance, but also the water for mixing the mortar. It was a mighty enterprise. The speaker calculated that it would take 10,000 men a hundred years to construct such a city in that place. The walls are still in an excellent state of preservation, and have upon them carvings which throw some light on the beliefs and customs of the inhabitants, who, according to Senor Bates' calculations, must have lived over 2000 years ago.

He traced several points of resemblance between these ruins and those of Egypt, the most striking being the obelisks, which, as in that country, stand facing the tombs of the monarchs who apparently erected their own tombs before their death. On the four sides of the obelisks are carved statues 7 feet in height in a sitting posture, with the head bent forward and the eyes closed. The inscriptions on the sides are in picture language and commemorate presumably the achievements of the monarchs. The speaker thought there was no hope of the inscriptions ever being correctly interpreted, as they show conclusively that ancient people had no knowledge of the alphabet to which a key might some day be discovered, in the case of the Egyptian hieroglyphics. One of the pyramids of Monte Alban is larger than that of Cheops, and, as in Egypt, gives every indication of having served for the purposes of burial.

The stone steps of the stairways in the ruins are even with sharp cut corners. The origin of this ancient city is as mysterious as the cause of its destruction, one of the stones of the stairways are and 20 meters from their original location and they have the appearance of having been laid there by some mighty force.

### CITY NEWS.

A very homelike dining room is the "CAFÉ" in the CRAYFORD SPYROR. The furnishing, draping, etc., is now complete, and we fail to see in this city its superior!! The Cooking and Supplies are first-class and the prices the lowest in the city!!

## NEW APPLE LAND OF THE SOUTHWEST

NEW MEXICO IS PRODUCING FINEST OF FRUIT.

IN THE PECOS VALLEY

One Grower Has 66,000 Trees on 810 Acres and Raised 200 Carloads This Year.

Special to the Post-Dispatch.  
CHICAGO, Nov. 4.—Standing on the Illinois Central tracks near Harrison street is a train of 14 carloads of apples that were grown at an altitude of 4000 feet in a region not counted as an apple producer. The shipment is from the orchards of an individual grower, but is only part of a consignment of 200 cars.

The apples are from J. J. Hagerman's South Springs orchard, and were shipped from Roswell, N. M., which station is six miles from the orchard. They are consigned to Porter Bros. Co.

Outside of Colorado Jonathan apples the New Mexico fruit is said to be the finest received here this season. The varieties are Gano, mammoth black twig, winesap, Arkansas, black, Missouri, pippin, Jonathan and other choice varieties. The apples were grown on 66,000 trees planted on 810 acres in the Pecos Valley of New Mexico, 4000 feet above the sea. This is the second crop of any size from the orchard, which is only in its ninth year.

Irrigation is employed in raising apples in New Mexico, there being 20 artesian wells with a capacity of 800 gallons each in the Hagerman orchard. Roswell is 1250 miles from Chicago, and the freight charges on the apples just arrived were \$2500.

Mr. Hagerman, who at one time was a resident of Chicago, went to New Mexico for his health, and while there became possessed of the idea that the territory would produce good apples. The chief advantage claimed for New Mexico is that there are few if any insects to prey on the fruit, while the various forms of disease which attack apples in the East have not yet manifested themselves there. The eastern crop this year is said to be the poorest of recent years.

**HORSE SHOW STICK PINS.**  
Studebaker's invite their lady friends to call at their Vehicle Repository, 915 North Broadway, and secure one of the very appropriate Horse Show souvenirs.

**County Farmers Organize.**  
Representatives of farmers' organizations in different parts of St. Louis County met in Clayton yesterday and organized a Central Farmers' Institute for mutual protection. They propose to fight the enforcement of the city license tax.

Henry Wallis, Jr., was chosen as chairman of the meeting and Otto Wallis secretary.

### FUNERAL OF H. D. O'BRIEN.

Services Will Be Held This Afternoon at 2 o'clock This Afternoon at 1356 Euclid Avenue.

The funeral of Col. Henry D. O'Brien will be held at 2 o'clock this afternoon from 1356 Euclid avenue. The body will be buried in Bellefontaine cemetery. Rev. T. H. Haggerty, chaplain of Ransom Post No. 3, A. M., officiating at the services. The funeral will be held at 2 o'clock this afternoon from 1356 Euclid avenue.

A military one, Ransom Post and Loyalty, are attending a body.

The following members of those societies will act as pallbearers: R. E. Cone, Charles H. Davis, Carl W. S. Hodges, Dr. T. S. Hawley, L. P. Ripley and T. M. Webster.

**Deputies at the Polls.**  
Sheriff E. C. Hencken or St. Louis County appointed 311 deputy sheriffs yesterday to serve as guards at the polling places throughout the county today, and they were sworn in last night by Judge McIlhenney. The majority of them will be used in the polling places near the city limits.

The county campaign closed last night. Sheriff Hencken says there has always been trouble at the polls and if there is any today the Indians will get more than they bargained for.

**Mrs. Winslow's Soothing Syrup** for Children's Coughs, Croup, Whooping Cough, Sore Throat, and all the ailments of infancy. It is a household necessity. Price 25c.

### Visitor in City Drugged.

J. W. Stewart of Washington was found unconscious in a saloon at Twelfth and Pine streets last night and sent to the City Hospital, where it was learned he was under the influence of drugs. May Brown of 1321 Pine street, and Minnie Williams of 1311 Pine street, were arrested on the belief that they knew something of how the man came to be in such a condition. The police believe that he was drugged for the purpose of robbery.

### AGED WOMAN FOUND DROWNED

**Body Taken From the River This Morning Bears No Mark of Identification.**  
The body of an old woman, drowned apparently within the past 24 hours, was found in the river near the Eads Bridge.

This morning by George Ross of 222 1/2 Broadway street.

The appearance of the woman indicated that she was near 80 years old. She was 5 feet 1 inch in height and weighed about 150 pounds. She wore a black waist, a red calico skirt, woolen stockings and black congress gaiters.

No marks of violence were on the body, and there was no charge at the morgue, where it was taken, believe that the case is one of suicide. There was no identifying mark on the clothing.

## "Humphrey's Corner"

Best-dressed men in this city buy their clothes of us because our clothes are made of the very same materials used by our best merchant tailors. They are finely cut, made and finished. If they don't fit, we make them fit. A man dressed in our clothing looks as though he had just come from the high-priced tailor. The long, loose Overcoat is again popular, also the medium length, somewhat longer than last year. Prices from \$10.00 to \$50.00. Suits of patterns and materials all the latest styles, from \$10.00 to \$30.00. Hats and furnishings of every known popular style.

## LAURA BIGGAR SURRENDERS

Now in Jail Awaiting Trial on Charge of Conspiracy to Get Bennett Millions.

Special to the Post-Dispatch.  
FREEHOLD, N. J., Nov. 4.—Laura Biggar has surrendered and is confined in the county jail.

She will be arraigned, probably, on Nov. 12, on an indictment charging conspiracy to rob the estate of Millionaire Bennett, to whom she said she was married.

When she surrendered she was accompanied by her counsel, Samuel Frankenstein.

In the county jail she and her lawyer were closeted for an hour with Dr. C. C. Hendricks and Justice Samuel Stanton, who are charged with being her co-conspirators.

Frankenstein said Miss Biggar was confident of acquittal and could have secured \$2000 bail for herself, but not for Hendricks and Stanton also, so she felt in duty bound to go to jail.

He said she had been living openly in a residence in New York bequeathed to her by Mr. Bennett and had not attempted to conceal herself.

## AFTER THIS

What More Can St. Louis People Ask For?

When old-time residents and highly-respected people of St. Louis make such statements as the following, it must carry conviction to every reader.

Mr. Thomas Safford of 5703 Von Versen avenue (Twenty-eighth ward), says: "I have often noticed testimonials published in St. Louis about medicine, but all of them from foreign parts, and it has often struck me as peculiar why they did not publish some nearer home. Here is a case in St. Louis and you are at liberty to send any resident to Tom Safford for his opinion of Doan's Kidney Pills and what that remedy did for him. My back ached so that I could not rise from a chair, and was almost unable now and then to get out of bed. Worse than that I was often unable to lie in bed and was compelled to rise, and for weeks at a time I could not sleep. For two or three days at a time I could not leave the house. When I stooped or lifted a thing I felt me in the small of my back which rendered me helpless for the time and I used medicine of every description until I lost faith in it. When I told my people I was going to 'Wolf-Wilson's' cor. 6th and Washington av., for Doan's Kidney Pills they laughed at me and asked if I was to try some other fake. Now, when a preparation brings as genuine relief to a sufferer as Doan's Kidney Pills brought to me I am only too pleased to make that fact known so that others may profit by my experience. I am perfectly willing to go to a magistrate and take an oath for every word that I have made in the above statement. I repeat, send anyone to me for minute particulars about Doan's Kidney Pills."

For sale by all dealers, price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

## IS A MILLIONAIRE WOMAN'S SLAYER?

BOSTON CLUBMAN

Police Charge Allan G. Mason With Mysterious Assault.

PIANO MANUFACTURER HELD

ALSO SUSPECTED OF ASSAULTING

NINE OTHER WOMEN.

Reign of Terror in Boston Suburbs,

Officers Say, May Be Traced to

Member of Most Exclusive

Society Set.

LIST OF MYSTERIOUS ASSAULTS ON WOMEN.

Aug. 3—Jeanette Marshall attacked on Centre street, Brooklyn; skull fractured.

July 27—Miss Murphy attacked on Craigie street, Cambridge; sustained severe scalp wounds.

July 17—At Chestnut and Magazine streets, Cambridge, Susanna Gutierrez escaped from an assailant with scalp wounds.

June 17—Kate O'Connell, at Walker and Cambridge streets, Cambridge; attacked by a man who fled.

Oct. 10—Susan O'Neill knocked down on Washington street, Somerville; cries brought help.

Oct. 19—In College avenue, Watertown, a man was seen running away from a woman.

Oct. 20—Bertha Smith, a telephone operator, attacked in St. Botolph street, Boston; assailant fled.

Oct. 24—A man "hogged" Miss Lulu Mixer on the steps of her home in Cambridge, but ran when she screamed.

Oct. 28—Mrs. Walter H. Whitely attacked on Sycamore street, Somerville, by an unidentified man, who fled when help came.

Nov. 1—Miss Clara Morton, Waverly, beaten and choked so that her death resulted Sunday night.

BOSTON, Nov. 4.—Allan G. Mason, a prominent clubman of this city, a Harvard graduate and a member of the piano establishment of the Mason & Hamlin company, was arrested here today on suspicion of being connected with the murder of Miss Clara A. Morton, in Waverly, last Saturday night.

It is also suspected by the police that Mason was responsible for various murders and murderous assaults committed during the last few weeks in Cambridge and its vicinity.

Mason is 39 years of age. His arrest was made at his home, 28 Newbury street, this city, by state officers.

Mason is a millionaire and a member of Boston's most exclusive society.

The long list of crimes of which he is suspected are second in atrocity to those of the Boston serial killer.

Miss Morton was attacked in the grounds of the back-lane, near the prominent Bostonian sat for 48 hours face to face with the knowledge that the police were preparing to arrest him.

SEEN BY FIVE PERSONS.

The police declare they are able to prove that he was recognized by five persons in and about the MacLean grounds Saturday night.

Furthermore, he was seen near where the murdered girl's chateau bag was found.

It is also declared that he has been identified as a man seen in Somerville the night Miss McPhee was attacked, and that he has been seen in other places, where similar crimes were committed.

After the autopsy on the body of Miss Morton, Medical Examiner Harris stated that the murderer was left-handed.

Mason is left-handed.

This city and its suburbs have been aroused by the outrages of the last few weeks, and the local and suburban police have been working to discover the perpetrator of these crimes.

The police have centered upon Mason.

Of late years Mason has shown mental peculiarities tending to insanity, and at periods he has been an inmate of the MacLean Hospital, where Miss Morton has attacked, and similar institutions. He has been regarded as harmless.

About a year ago he was released from the Waverly institution. No hint of his malady taking a form dangerous to others had been gathered until the affair of Saturday night.

The circumstances of that tragedy were reviewed and compared the tragedy of a man seen Saturday afternoon in Waverly and the description of the man running under the arc light at the hospital gate just after the assault were found to be remarkably similar. On several recent occasions Mason had been seen in the vicinity of the hospital.

SUSPECT DENIES GUILT.

For some months these murderous attacks upon unprotected young women had been frequent in the suburbs of Boston, and the death of Miss Morton, following so closely on the fatal attack on Agnes McPhee, who was assaulted on Chester street, Somerville, Oct. 4, created a veritable reign of terror.

Women have remained at home after dark and special officers have patrolled the streets in vain waiting for the perpetrator of these crimes.

The details of the cases were similar. Young women were attacked in the streets alone upon them with some heavy weapon. Robbery victims lay apparently dead the murderer fled into the darkness.

Mason said today:

"It is about time the community stopped meddling with my affairs. It is true I have been there for a week. I know friends out there and I go to see them, but I have not been there for a week."

"I ride a bicycle and take frequent trips through Somerville. There is no man more interested in this series of assaults than I, and I have thought often that the police ought to use their brains. If they have any, in finding the culprit."

"I can account for my movements every hour and every day for the past few weeks. I know I have been sent away, but it was simply for melancholia."

TWO IN A GRAVE LEGAL.

City Counselor Renders Opinion as to

Interment of Bodies.

At the request of Health Commissioner Starkloff, City Counselor Bates has rendered an opinion on the legality of the practice of burying two bodies in one grave. He holds that it is perfectly legal, where the upper coffin lies six feet under ground.

Several local cemetery managements have been permitting burial in such a manner without asking permission of the health department. They claim that it was for the benefit of poor persons who were financially unable to purchase two separate graves.

That it was legal. They state that all coffins are six feet under ground.

Temperatures on Other Cities.

## BURNED WHILE SAVING CHILDREN

Fannie Schulte Rescued Employer's Sons.

CHILD LIGHTED GASOLINE

ANOTHER CHILD WALKED RIGHT INTO THE FLAMES.

Miss Schulte Rushed Through the Fire

With Both Children and Was Seriously Burned, but Saved the Boys From Bad Injuries.

Fannie Schulte, employed in the household of Dr. Frank Hinchey at 4611 Delmar boulevard, was seriously burned this morning while trying to rescue two little sons of Dr. Hinchey from the flames caused by ignited gasoline in the basement.

Miss Schulte was engaged in cleaning a table cloth with gasoline, which she applied with a sponge. She stood in the area leading from the laundry in the basement. Little John Hinchey, two years old, was playing on the floor of the basement.

"The gasoline was in a tub, from which the girl filled the sponge. Some of the liquid had escaped and ran down on the floor."

Little John found a match somewhere and lit it by rubbing it against a box.

The gasoline flamed up in his face. Just then Sanford Hinchey, 8 years old, toddled down the steps leading to the basement, where the flames were fiercer than inside, being drawn out by the draft of air.

Miss Schulte, seeing Sanford's approach, rushed through the flames to hold him back. She caught up the child, but not before his face and hands were scorched.

Then she ran back to the other boy and carried him to a place of safety.

The girl's head, face and hands were badly burned. The injuries to the children were slight.

Several men working in the vicinity saw the flames and extinguished them before the arrival of the fire department, which came in response to an alarm which was turned in.

## DRAWINGS DAMAGED BY FIRE

But There Will Be No Fire Sale in the Newspaper Artists' Exhibit.

Exhibit.

A fire sale of newspaper artists' drawings was narrowly averted last night at the St. Nicholas Hotel by Harry B. Martin, one of the artists, and F. F. Porter, manager of the newspaper artists' exhibition, which had its first night coincident with the horse show.

While the banquet hall of the hotel, in which the exhibition is being held, was well filled with people, one of the electric light globes in a chandelier exploded, setting fire to a screen on which the drawings and oil paintings of Berthold Widman were shown.

Messrs. Martin and Porter, who stood near, saw at once that unless they acted quickly the cloth screen would blaze up and the pictures would be destroyed.

They darted for the screen, pulled it under it and attacked the tiny flame with tongs and knocked the burning paper off the screen on which a part of Mr. Martin's picture exhibit is placed, but did little damage.

Some of Mr. Widman's work was slightly damaged, but the promptness of the gentlemen saved the main exhibit.

"And there will be no fire sale," says Mr. Martin.

CLERGYMAN'S DREAM ONLY ASSET.

Company Boring for Oil on Strength of His Vision.

Newark News.

A corporation capitalized for \$3000, which has begun to bore for oil near Millerton, N. Y., is called the Rev. Thomas Neal of Hull, in Milford, he had a curious vision. He dreamed of a stretch of hills and surrounded by a glow of light. He saw devices toward the sky with engines and drills at work. Suddenly the dream faded, the machinery disappeared and all was dark.

Neal awoke next morning with the firm conviction that all about in that city, he had dreamed of a company to get out the oil.

Residents held a public meeting, subscribed for stock and some look acres on 1000 acres of land where the oil was supposed to be.

Neal's vision was not a dream, as the stockholders heard of a similar dream he had in Hull which did not pay any dividend. Experts, however, have looked over the ground and give an opinion that there are indications of oil in Milford.

## THE NEW CUP DEFENDER

Contract Signed for Building the Boat to Keep the Cup This Side the Ocean.

NEW YORK, Nov. 4.—With every detail settled regarding the coming races for the America's Cup, the work of constructing the yacht will begin in a few days. The contract has been signed.

Any one of the capitalists who form the syndicate could easily assume the entire expense of the building of the yacht. Careful estimates place the amount needed at \$25,000, and if that should prove the correct figure, each man will be taxed only \$5000.

A few members of the club have seen the plans for the new boat and are very much pleased with them. In model, it is understood, there is very little apparent difference between the new boat and the Constitution. In the new boat Herreshoff will correct the errors of the Constitution and develop more strongly the good points of the Columbia.

It is not thought that the new boat will carry any larger sail spread than the Constitution. It would not be surprising if she had less sail, and thus possibly would get time from the Shamrock III, if she should be selected to defend the cup.

It is likely that the yacht will be finished before the end of April.

"THAT BLACK COW" WAS A BEAR

Woman Was Trying to Drive Bruin Home With Her Herd of Cattle.

Special to the Post-Dispatch.

WILLIAMSPORT, W. Va., Nov. 4.—Ida Ringer, of near Trout Run yesterday attempted to drive a black bear home with the cows. She did not know it at the time or she would not have been so brave.

The cows had been on the hillside all day, and at dusk she started to drive them home. As they emerged from a small woods she noticed there was one more animal in the herd than she had taken out in the morning.

Miss Ringer was at a loss to know where "that black cow" had come from. When she got close enough to get a good look at the "cow" she discovered that it was a bear.

She screamed, and bruin hustled away as rapidly as his legs would carry him. The bear was the largest one seen in this section in a long time.

## CHALLENGER THROWN OUT

Horace G. Beedle Reports Being Ejected From Polling Place by Police.

Horace G. Beedle, a Republican challenger at the Ninth precinct, Twenty-second ward, polling place 410 North Champlain avenue, reported to the election commissioners that he was ejected from the polling place by two policemen at 3:30 this morning.

## FATHER USED KNIFE ON HIS DAUGHTER

MADE A LUNGE AT THE YOUNG  
WOMAN'S HEART.

WARDER BLOW WITH HER ARM

Saved Her Life, but May Lose the  
Limb, Which Was Cut to the  
Bone and in Which Blood  
Poison Has Settled.

Because, as he said, his daughter Barbara did not treat him with due respect, Joseph Rochus of Edgemont attacked the young woman with a butcher knife and made a thrust which severed the arteries of her left arm.

But for the protection which the young woman secured by throwing her arm in the knife's way, the blade, which was aimed

for her heart, would have gone to its intended mark. The young woman is now in danger of losing her arm from blood poisoning. Rochus was arrested after having returned to his home. He felt when he saw the wound he had inflicted, but returned when he learned that his daughter had survived.

At his preliminary hearing before Magistrate Carson Rochus said that his daughter had acted in a disrespectful manner, and that he had threatened her with the knife without intending to harm her. He also pleaded the influence of liquor as a reason for his action.

Rochus could give no bond and was placed in jail. Dr. Poulton, who is treating the young woman's wounded arm, says that it has turned black from blood poisoning, and that it is doubtful whether it can be saved. The bone of the young woman's forearm was laid bare by the incision.

A Guaranteed Cure for Piles.  
Itching Blind, Bleeding or Protruding Piles. Your druggist will refund your money if PAZO OINTMENT fails to cure you. 50 cents.

**DAVIS GOES TO NEW YORK.**  
Chicago American Player Reported to Have Signed With Nationals.  
NEW YORK, Nov. 4.—George Davis, once the captain-manager of the New York baseball club, who played with the Chicago club of the American League this year, is reported to have signed with the New York National League club for next season.

## COUNT DE DION PINKS AN EDITOR

M. GERAULT RICHARDS WOUND-  
ED IN A DUEL AT PARIS.

MEN MET AT DAYBREAK

The Quarrel Grew Out of a Quarrel in  
Which Blows Were  
Struck.

PARIS, Nov. 4.—The duel between the Count de Dion, president of the Automobile Club, and M. Gerault Richard of the Petite Republique took place today. M. Gerault Richard was wounded in the right arm.

The duel was fought with swords and the meeting took place at daybreak. The trouble grew out of an encounter in the corridor of the chamber of deputies. The count slapped the face of M. Richard and the latter kicked the nobleman's shins. De Dion's seconds were M. Bruneau

and M. Syveton. De Dion is a duelist of some reputation. In April, 1900, he fought M. de Sainte Alery with swords. The combat lasted two hours and M. de Sainte Alery was wounded slightly on the right arm. De Dion is considered an authority on matters relating to dueling and was involved in the recent duel between Count de Lubersac and Baron Robert de Rothschild, in which Rothschild was wounded. He was also associated with Boni de Castellane in several "affaires d'honneur." Both De Dion and M. Richard are members of the chamber of deputies.

Comes From Dakota to Wed.  
Miss Cora Wilson Larrimore of Larrimore, N. D., and Mr. Oscar A. Trippet of Los Angeles, Cal., will be married at 5 o'clock tomorrow afternoon at the Conleary Methodist Church by the Rev. B. F. Coulter of Los Angeles, assisted by Rev. W. F. McMurtry. A reception will be held at the Southern Hotel after the ceremony to which about 175 persons have received invitations.

The bride will be attended by Miss Frances Coulter of Los Angeles, Miss Amelia Brand of Toledo, O., Misses May and Helen McDonald of Dubuque, Io., and Misses Stella Scott and Lizzie Hower of St. Louis. The bridegroom's attendants will be Jameson Larrimore, best man, and Turner Baird of North Dakota, Dr. P. J. Heuer, Dr. Armand Ravold, Will F. Scott of St. Louis and Clay Larrimore of North Dakota.

The bride is a daughter of Mr. and Mrs. N. G. Larrimore who, until 12 years ago, lived in this city. They founded the town of Larrimore in North Dakota. The young couple will spend their honeymoon in the East, and will make their home in Los Angeles.

## BOER CAPTAIN HAS 28 BULLET WOUNDS

HEINRICH DUTOIT COMMANDED  
ARTILLERY AGAINST ENGLAND.

NOW IN THE UNITED STATES

Besides the Scars From Lead Balls,  
His Body Bears Many Saber  
and Spear Marks.

Special to the Post-Dispatch.  
PHILADELPHIA, Nov. 4.—Probably no other man in the history of modern warfare has suffered as many wounds and lived to tell the tale as has Capt. Heinrich Dutoit, officer in the Boer artillery, who assisted President Kruger's former state secretary, Francis W. Reitz, in his lecture in Turner Hall last night.

Twenty-eight scars, not including saber slashes and Kafir spear thrusts, which he characterized as mere scratches, show where as many bullets have passed either wholly or partially through the captain's

body. From them he suffers not the slightest inconvenience now.

Capt. Dutoit was in every battle of consequence and scores of minor engagements in the South African war. In them all, as captain of his artillery company, he was on the firing platform of one of his guns, several feet higher than the rest of his men. This is said to account for his being wounded so frequently.

At the battle of Delana Hill, Oct. 23, 1900, he was first hit, one bullet going through the calf of his right leg and another through the thigh.

At Balmoral a bullet went through the same leg. In one of the fights before Ladysmith, on Oct. 30, 1900, a British shell struck the revolver in his hip and exploded. The revolver was torn to pieces and forced into his hip. At the same time 13 bullets from the shell took effect in his left leg above the knee.

In January, 1900, while hobbling about on a crutch, Capt. Dutoit fought all day at Spion Kop and was again wounded in the same leg.

We Guarantee to Fit Your Eyes

With the proper glasses. Examination free by Dr. Bond, our expert optician. Steel frames, \$1 and up; gold, \$5 and up.

Broadway, Cor. Locust.

Give a Week's Salary.—To raise the

debt of \$2000 on the Curby Memorial Presbyterian Church, at Texas avenue and Utah street, a number of the members have agreed to donate a week's wages each.

The total amount thus raised is to be duplicated by the church extension society.

## "I'LL LIVE TO BE HUNDRED"

Twenty Minutes After Making This  
Boast, Christopher Blohn, Aged  
84, Died of Apoplexy.

Special to the Post-Dispatch.  
NEW YORK, Nov. 4.—"I'll live to be a hundred years old, and I don't intend to make my will until I am ninety-nine. There is no need of it, as I am sure I will not die until I have lived a century."

This was part of a toast given by Christopher Blohn, a retired manufacturer, eighty-four years old, at a family gathering last night in his honor at the home of his grandson, George Verbot.

Twenty minutes after he had spoken the words, he dropped dead.

He was playing the violin, accompanied by his granddaughter on the piano, when he was seized with apoplexy. He fell dead in the young woman's arms.

Wedding Rings (Solid Gold).

Finest qualities, \$2.00 to \$30. Mermold & Jackard's, Broadway and Locust.

Write for catalogue. Mailed free.

Team Fell Into Excavation.—The fire

department with block and tackle was required to pull a team of mules from an excavation on Tenth and St. Charles streets into which they had fallen last night. They were pulling a heavy brewery wagon when they tumbled in, and were in the hole for three hours before being rescued.

## GRAIN DIFFERENCE

The Quaker quality of grain is not easy to find. To supply the needs of the Quaker mills we must search the country far and wide. We watch where the good oats grow. For even as it grows the difference begins. Sun may shrivel—or too much rain spoil the crop. But where the crop is best, we are there to choose the best of the best. There is that much difference in the Quaker grain—before it starts for the Mill. This is only the first difference in

**Quaker  
OATS**

Best grain

Costs you no more than oats which are not as whole-some, and which have not been milled carefully. Quaker Oats is just as easy to buy. You have only to look for the Quaker.

## MILLING DIFFERENCE

After we buy the best, each single grain is cleaned and judged separately by machinery. The machine

From the field to your breakfast table, the story of Quaker Oats is a story of being different.

The grain difference is only the first.

Step by step, day by day, we will show why Quaker Oats is the best food.

It is best because it is different --- at every point where difference counts.

A Cereta Coupon is in every package.
